Subject: Ordinance, Adopting and Ratifying Non-Ad Valorem Assessment Rolls, Rates and Assessments for Multipurpose Maintenance Special Taxing Districts

This substitute ordinance differs from the June 30, 2015 original in that it updates the number of Multipurpose Maintenance Special Taxing Districts with proposed rates that have decreased from the adopted Fiscal Year (FY) 2014-15 rates; replaces Exhibit A to reflect the updated information; and includes additional information outlining the steps taken since June 30, 2015 to review and correct FY 2015-16 assessed rates for each district, as necessary.

RECOMMENDATION

It is recommended that the Board approve the attached Ordinance pertaining to the proposed fees for the Special Taxing Districts' non-ad valorem assessment rolls, rates, and assessments for Multipurpose Maintenance Special Taxing Districts for FY 2015-16. All lots and parcels within the multipurpose maintenance districts are unique due to their geographical boundaries, affected property owners, and level of services provided. Therefore, approval of this Ordinance is required to continue providing service for all lots and parcels within the Multipurpose Maintenance Special Taxing Districts. The Public Works and Waste Management Department (PWWM) has determined, and I concur, that the services provided by these Special Taxing Districts will provide special benefits to the properties within each district, exceeding the amount of special assessments to be levied. Therefore, it is recommended that the proposed rates provided in Exhibit A be approved and adopted.

As I committed at the June 30, 2015 Board meeting, my administration has worked throughout the summer to address all Special Taxing District issues. As a result of the work performed, proposed rates in the Multipurpose Maintenance Districts decreased an average of \$25.00 per assessment from the original assessment rates presented in the June 30, 2015 agenda item. In addition, we project that 65 districts, comprised of 13,207 folios, will receive refunds of more than \$50.00 in FY 2015-16. However, a separate agenda item authorizing the refunds will be brought to the Board at a later date once staff has finalized its review and recommendations regarding such refunds. Of the 117 Multipurpose Maintenance Districts managed by the Parks, Recreation and Open Spaces Department (PROS), 30 percent, or 35 districts, will receive rate decreases from FY 2014-15. The assessed rates will remain flat for 78 districts, or 67 percent, and only four (4) districts, or (3) percent, that continue to require a rate increase. This represents a 31 percent improvement in the number of districts with reduced assessment rates. The table below depicts rate changes from the original June 30, 2015 item:

Rate Change:	FY14-15 CAMA - FY15-16 CAMA As of June 30, 2015		FY14-15 CAMA - FY15-16 CAMA As of September 1, 2015		DECREASE

> \$50 and ≤ \$100	1	40	1	40	0	0
> \$100 and ≤ \$200					0	0
> \$200 and ≤ \$500					0	0
> \$500 and ≤ \$1,000	1	4	1	4	0	0
> \$1,000					0	0
Total Increase	4	732	4	732	0	0
Total Districts	117	31,100	117	31,100	0	0

The proposed rates presented in Exhibit A are the outcome of the work performed by a Management Working Group (Working Group) comprised of senior financial professionals from multiple Miami-Dade County departments, collaborating with PWWM and PROS staff. The reduction in administrative cost and exhaustive review of operating expenditures allowed staff to develop new assessment rates to the benefit of many districts.

Throughout the summer, staff met with multiple homeowner associations, civic associations, and individuals; responded to dozens of emails and letters; and answered hundreds of phone calls to address residents' concerns.

Revised notices were sent to those homeowners who did not receive proper notification, and the continuation of the public hearing was re-advertised as required by both State Statute and the County Code.

In addition to this Ordinance, there are three (3) other proposed ordinances relating to Special Taxing Districts. The first ordinance adopts and ratifies non-ad valorem assessment rolls, rates and assessments for Street Lighting Special Taxing Districts that are increasing. The second ordinance adopts and ratifies non-ad valorem assessment rolls, rates and assessments for Security Guard Special Taxing Districts that are increasing. The third ordinance adopts and ratifies special assessment district rates for Street Lighting, Multipurpose Maintenance, Security Guard, and Capital Improvements/Road Maintenance Special Taxing Districts that are either decreasing or remaining flat.

SCOPE

The scope of this item extends countywide.

FISCAL IMPACT/FUNDING SOURCE

There will be no financial impact to the General Fund. Any financial impact would be absorbed by the property owners affected by the special assessments.

TRACKING

The implementation and operation of the Special Taxing Districts are monitored by Michael R. Bauman, Chief of the Causeways and Special Taxing Districts Division (Division) in PWWM. The financials are overseen by Aneisha Daniel, Assistant Director of the Fiscal and Internal Services for PWWM.

BACKGROUND

The Special Taxing Districts have been created throughout the County to provide public improvements and special services at the request of the residents or developers. Chapter 18 of the County Code (Code) provides for the legal framework of Special Taxing Districts. Improvements and services that are currently provided through Special Taxing Districts include:

- a. Street Lighting - created in existing communities at their request and mandated by Code in new subdivisions;
- b. Multipurpose Maintenance - includes, but is not limited to, landscape and lake maintenance, maintenance of swales and walls, and graffiti abatement for walls within or abutting the public right-of-way line;
- c. Security Guard - provides either stationary and/or roving patrol manned by off-duty police officers or commercial guards; and
- d. Capital Improvements/Road Maintenance - provides for one-time upgrades or improvements within public right-of-way, such as water/sewer, drainage, utilities and other roadway improvements.

The County is currently responsible for the management and operation of 1,068 active Special Taxing Districts. There are currently 904 active Street Light Districts, 44 Security Guard Districts, 117 Multipurpose Maintenance Districts and three (3) Capital Improvements/Road Maintenance Districts located within Miami-Dade County.

Special Taxing Districts are petitioned for by the property owners within the district boundaries, approved by the Board and ratified by the qualified electorate within those boundaries. The improvements are paid for by the property owners through special assessments collected through the annual combined real property tax bill pursuant to Florida Statute 197.3632. All improvements or services must be public, usually provided within public right-of-way or public property and, therefore, no person will be prohibited access to a Special Taxing District.

Pursuant to Florida Statute 197.3632 and Section 18-14(5) of the Code, the County is required to publicly notice the non-ad valorem assessment rolls in Special Taxing Districts. In the event of a rate increase, the Board is required to adopt non-ad valorem assessment rolls at a public hearing held between January 1 and September 15. Previously, all increases to non-ad valorem assessment rolls were approved as part of the annual County budget process.

All residents in Special Taxing Districts whose assessments are increasing will receive notification as follows:

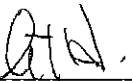

- Each resident will receive by first class mail, publication in a newspaper, and posting of such notice in each district, a notice informing them of:
 - a. the purpose of the assessment,
 - b. the total amount to be levied against each parcel,
 - c. the unit of measurement to be applied against each parcel to determine the assessment,

- d. the number of such units contained within each parcel,
- e. the total revenue the local government will collect by the assessment,
- f. a statement that failure to pay the assessment will cause a tax certificate to be issued against the property, which may result in a loss of title,
- g. a statement that all affected property owners have a right to appear at the hearing and to file written objections with the local governing board within 20 days of the notice, and
- h. the date, time, and place of the hearing.

The County's Audit and Management Department has issued the draft of the audit conducted of all Special Taxing Districts managed by the County. Corrective actions taken by PWWM management to date are outlined in "Management's Response" to the audit. While the audit was being conducted, management evaluated existing staff and functional positions to identify strengths and weaknesses. They commenced an intensive assessment of division operations, including a review and tracking of internal procurement and payment methods, and eliminating service charges to Special Taxing Districts that were duplicative or unnecessary. Staff also analyzed alternatives for lowering operating costs; consolidated certain staffing functions in-house; and co-located functions to enhance the efficiency and effectiveness of the operations, particularly through better physical oversight and communications.

The proposed rate increase recommendations adjust for Consumer Price Index increases in contracts and, in some cases, correct prior year deficits. It must be noted that Special Taxing Districts' services have been continually provided without interruption of service during this review process.

All required statutory notification requirements have also been followed.

Section 1. This ordinance shall be known and may be cited as the "Fiscal Year 2015-16 Miami-Dade County Multipurpose Maintenance Non-Ad Valorem Special Assessment Ordinance."

Section 2. The Board intends to use the uniform method of collection of non-ad valorem assessments as authorized in Section 197.3632, Florida Statutes, as amended, for collecting the non-ad valorem assessments levied within Miami-Dade County for special taxing districts, including, but not limited to, multipurpose maintenance services. As authorized by Section 197.363, Florida Statutes, all special assessments levied and imposed under the provisions of the various ordinances previously approved by the Board, shall be collected, subject to the provisions of Chapter 197, Florida Statutes, in the same manner and at the same time as ad valorem taxes. Unless paid when due, such assessments shall be deemed delinquent and payment thereof may be enforced by

means of the procedures provided by the provisions of Chapter 197, Florida Statutes, and/or Section 18-14(8) of the Code of Miami-Dade County, Florida.
